

Pray that Christian Radio stations mention the \$1,000 Prizes we are offering to churches who TRY our NEW Bulletin Inserts

The theme for our new bulletin inserts is: On their pillow, by their plate, or best of all in their pocket...a verse a day every day. It has been six years since the last of our nations Top 30 christian denominations quit PRINTING Bible Promise Cards. *The only way we can think of to keep Bible Promise Cards from becoming extinct is if local churches would USE our new Bulletin Inserts.* Pray with us that God lends his mighty hand especially the first two months of 2018. I am not a wealthy soul but believe the need for child friendly verses is so great I am offering two \$1,000 prizes. (see our website www.bibleparent.com)

Kids need a verse a day...every day. Only four out of 100 millenials calls themselves "Born Again". In another twenty years this number will be less than one out of a hundred. Our very small group is as loud as it can be but getting local and national churches to promote these child friendly Promise cards has been almost impossible.

For Peace with my brother Kenneth: We are both trying very hard to do what we can for Phillip, the brother with Alzheimers, but we seem to always argue. Hope you might pray that Atria Hearthstone here in Topeka allows him to stay. He really loves it.
