

# How/Why PARENTS should use Bible Memory Cards.

**To Correct your Children:** Be honest, on the average day do you HERD your children or correct them? If we are good at herding our children they will quickly learn to do mostly what we want...just to avoid the consequences. They will SEEM well behaved...as long as we are around. To CORRECT a child is a matter of the heart and requires more TIME Using a Bible verse for correction protects us from the instinct to herd. It helps us focus on our higher goal. **It will also remind our children for the rest of their lives that God and his word were important to us...important enough to make it a part of daily life.**

**To Comfort Them:** In Today's world suffering starts early. Over 60% of our nations four year olds have suffered at least one major trauma...divorce, being separated from one or both parents, a violent death in the family, being bullied or the victim of another child's experimenting, etc. etc. Comforting our children is perhaps America's number one pre occupation. Sadly most of us are not very good at it. We let our own pain and guilt cloud the water. USING God's word to comfort a hurting child opens the door for God himself to provide the healing touch so many children need so very badly. How we pray every parent in the world cuts up some of our FREE Bible Memory Cards and puts them by the bed of their child. **The end of the day is the perfect time for a little comfort.** Some parents might like to make the occasion special by memorizing the verse together over a small treat. By the grace of God childhood hurts need not lead to multiple addictions and a habit of sinning.

**To Encourage Character Growth:** Character Growth is 99% motivation. Do our children WANT to be Godly? Probably not...Godly can be sort of boring. Fortunately most children want to be STRONG AND BEAUTIFUL. Giving a Bible Memory Card on strength or beauty early in the morning can be the first step to raising a child who **WANTS** to be strong... or who **wants** to be beautiful and in time... **wants to be like Christ.**

**For Protection:** Keeping a child physically safe is a constant challenge. Protecting the same child from illicit drugs, premature sexual experimentation, criminal adventuring, network television, and the new religion of sensationalism is almost impossible. Fortunately God's word is designed to keep children SAFE. Make it a rule they must memorize a verse every time they turn on the tv, go on a date, hang with friends, or go to a movie. Having a Christian World View means being smart enough to recognize and stay away from **SIN.**
